Our Vision and Mission

OUR VISION

To be a world class institution that promotes excellence in higher education through research, creativity, entrepreneurship by fostering leadership qualities in the learners.

OUR MISSION

Provide students with application oriented education, integrating theory and practice, and prepare them for the job market and society.

Provide a state-of-the-art conducive learning environment that promotes creativity and innovation.

Engage with our industry stakeholders/partners to develop entrepreneurship skills that meet the current and future needs of the society.

Our Accreditation

Message From Our Visionary Leaders

Dr. L. R. Yadav
President

Within the halls of ALARD lies the canvas where your extraordinary story begins, destined to paint the world with brilliance and purpose." Imagine a world where knowledge knows no boundaries, where learning transcends the confines of traditional classrooms, and where your passion is nurtured to bloom into greatness.

This is the world I strive to create at ALARD University Pune, one of the Best Universities in Pune, where the right to education becomes a cherished birthright and the right to employment an empowering realization. In the vibrant corridors of ALARD, we bridge the gap between theory and practice, cultivating skills that transcend academia and flourish in the professional world. As you embark on this extraordinary journey with us, know that we are not merely imparting knowledge but igniting the flames of Curiosity within you.

Dr. Sohan Chitlange
Vice-Chancellor

At ALARD University, our academic vision is rooted in excellence, innovation, and relevance. We are committed to nurturing an ecosystem that encourages critical thinking, interdisciplinary learning, and ethical leadership. By aligning academics with emerging global trends and societal needs, we aim to prepare students not just for careers, but for meaningful contributions to the nation and the world.

Quality education, meaningful research, and a learner focused approach define our academic foundation. We continuously strive toward strengthening our academic standards, fostering a vibrant research environment, and offering comprehensive learning experiences that enable students to discover and realize their true potential.

Education is not just about acquiring knowledge, but about transforming knowledge into wisdom, purpose, and progress.

Our Schools

Alard School of Engineering and Technology

Alard School of Pharmacy

Alard School of Business Management

Alard School of Law

Alard School of Health & Biosciences

At Alard University, Pune, our diverse schools offer industry-focused education across engineering, management, law, pharmacy, Health, and sciences. Each school is designed to blend strong academic foundations with practical learning.

Expert faculty, modern infrastructure, and experiential teaching drive holistic development. We emphasize innovation, research, and real-world exposure. Our schools empower students to become skilled professionals and responsible leaders.

In addition to academics, we encourage students to engage in a wide range of extracurricular activities that foster a well-rounded university experience. Whether through athletics, creative arts, student organizations, leadership programs, or community service initiatives, students have abundant opportunities to explore their interests, build meaningful connections, and develop essential life skills. These experiences promote personal growth, teamwork, and networking, ensuring our graduates are confident, capable, and prepared to excel in all aspects of life.

Alard School of Engineering & Technology

ALARD School of Engineering and Technology (ASOET) is committed to providing quality education to its students. Consistently striving to impart knowledge, ASOET emphasizes achieving excellence in technical education. Keeping in mind the current industry standards, the School of Engineering and Technology maintains high standards in teaching, learning, and research, grooming students to take on any challenge in the 21st century.

Programs Offered

PROGRAMS	DURATION
B.Tech. Computer Science and Engineering	4 Years
B.Tech. Computer Science and Engineering (Cyber Security & Forensics)	4 Years
B.Tech. Computer Science and Engineering (AI & DS)	4 Years
B.Tech. Computer Science and Engineering (AI & ML)	4 Years
B.Tech. Computer Science and Engineering (Full Stack Developer)	4 Years
B.Tech. Computer Science and Engineering (Internet of Things)	4 Years
B.Tech. Computer Science Engineering (Artificial Intelligence)	4 Years
PhD	Min. 3 Years

Value Addition Courses

- Advanced Python Programming in association with Weecan Education
- Cisco Certification on Excel VBA Programming
- Java Sun Certification
- Certification on Prompt Engineering for Generative AI and LLM Models
- AWS Certification on Cloud
- DevOps Certification
- Agentic Artificial Intelligence
- Ethical Hacking/Security Auditing and Risk Management Certification

Eligibility

- Passed 10+2 examination with Mathematics, Physics and Chemistry. Obtained atleast 45% marks (40% marks in case of candidates belonging to reserved category) in each of the above subjects.
- Passed Minimum THREE years / TWO years (Lateral Entry) Diploma examination with at least 45% marks (40% marks in case of candidates belonging to reserved category) in ANY branch of Engineering and Technology.
- Students with good scores in MH-CET, JEE or any other equivalent competitive exams, or ALARD University Entrance Test.

Alard School of Pharmacy

How We Prepare Our Students

RECRUITERS

Student Testimony

I had a great experience at AUP. The professors were knowledgeable and passionate about their subjects, and they were always willing to help students who were struggling. Overall, I am grateful for the education I received at ASET and would highly recommend it to any aspiring engineer.

Nagesh Shivanand Shewalkar
Alard School of Engineering & Technology

Graduating from ALARD School of Pharmacy has been a transformative journey filled with invaluable experiences and lifelong lessons. The faculty's dedication to excellence and their unwavering support have equipped me with the skills.

Gauri Malvade
ALARD School of Pharmacy

I obtained so many new skills and value from my participation in the Alard University MBA program. Not just from the textbooks and lectures, but from the guest speakers, workshops, mentorships, and networking.

Vaishnavi Kadam
Alard School of Business Management

Studying at Alard School of Law has been a rewarding experience due to its supportive environment, knowledgeable faculty, and practical learning approach. The college encourages participation in moot courts, workshops, and internships, enhancing our understanding of the real-world legal system.

Harshada Lohar
Alard School of Law

What I love most about ALARD School of Health & Biosciences is the hands-on learning approach. Regular lab work, workshops, and industry-oriented teaching have helped me understand concepts beyond textbooks. It has prepared me well for real-world challenges.

Sanskar Rewale
Alard School of Health & Biosciences
